linkedin.com/in/patrick-james-salamat | patrickjamessalamat.github.io

Senior Full-Stack .NET Engineer with nine years building web platforms and line-of-business systems. Focused on clean architecture, maintainable code, and shipping software people actually use.

EDUCATION

UNIVERSITY OF NUEVA CACERES

B.S. in Computer Science

Naga, Philippines

2014 – 2017

WORK EXPERIENCE

INCHCAPE DIGITAL

Senior Full-Stack .NET Engineer

Pasig, Metro Manila

Jan 2024 – Present

- Lead development of a fully configurable Umbraco CMS template powering branded websites for global automotive markets; serve as Lead Backend Engineer for the SaaS platform that deploys and manages them.
- Mentor junior engineers and drive engineering culture — SDLC discipline, sound design principles, high coding standards, and peer code review.
- Modernize legacy websites, improving performance, scalability, and maintainability through architectural redesign.

GLOBAL HEALTH LIMITED

L3 Support Engineer / Full-Stack .NET Developer

Melbourne, VIC, Australia

Oct 2022 – Sep 2024

- Supported and enhanced enterprise SaaS healthcare applications used across Australia; resolved complex defects and production incidents through root-cause analysis and reliable fixes.
- Built new features across the stack, collaborating through design reviews, code reviews, testing, and controlled releases to keep solutions secure and production-ready.

UNIVERSITY OF NUEVA CACERES

Software Developer — Junior Programmer → Programmer → Technical Consultant

Naga, Philippines

Jun 2017 – Jun 2025

- Pioneered modernization of the legacy LAN-based enrollment system into a full Online Enrollment System with payment, CRM, and third-party integrations.
- Designed and maintained business-critical systems — HR biometric attendance and RFID identification with automated SMS — across the full development lifecycle.

PROJECTS

CMS GLOBAL TEMPLATE

Inchcape Digital

- Reusable, component-based Umbraco platform powering 7+ automotive brand websites (Mercedes-Benz, Lexus, Maxus, LDV, KGM) across global markets.

MASTERCARE+ AU

Global Health Limited

- Cloud-based SaaS healthcare platform for electronic medical records, patient management, clinical documentation, secure messaging, and regulatory reporting.

UNC ONLINE ENROLLMENT SYSTEM

University of Nueva Caceres

- End-to-end, web-based enrollment platform with payment gateway, Salesforce CRM, and third-party integrations, replacing a legacy LAN-based system.

CERTIFICATIONS & TRAINING

- Microsoft Certified: Azure Fundamentals (AZ-900) — 2025
- Windows Server 2016 · Cisco CCNA 200-125 · Penetration Testing & Ethical Hacking — 2019
